## EXPERIENCE

### TechLift BootCamp – Contour Software Lahore
AUGUST 2023-NOVEMBER  2023
Currently gaining a foundation in ASP.NET C#, Microsoft SQL Server, Git and Agile methodologiesthrough an intensive software development bootcamp. Undergoing training with Contour Software Lahore in full-stack development using the ASP.NET stack. Strong analytical and problem-solving abilities with excellent communication and teamwork skills.

### Project:

#### Student E-Advisor ChatBot

The Student E-Advisor Chatbot will handle and resolve the queries generated by the students, the bot will produce the result on the basis of analysis and prediction of the knowledge base which is embedded at the backend of the system. The basic purpose of developing the Student E-Advisor Chatbot is to facilitate the fresh students who are getting admission in the university and are not familiar about the university's structure like admissions, fee, programs offered, departments and faculty.
